

Our picture vendor Legends Sports Photography uses a processing lab that has a preview before you buy service. This service includes many time saving features, such as no packets to fill out, no payments in envelopes and it allows you to get a text message and or an email moments after your child's picture is taken to preview the photos before you purchase them. An option to have a retake taken on the same day are available.

For this service to connect the picture to your contact information, the following information will be shared with Legends Photography and their processing lab.

- **Player Name**
- **Parent #1 Email** (used only to contact parents about their player's picture)
- **Parent #1 Cell Phone Number** (used only to contact parents about their player's picture)

#### **WHAT IS THE DATA USED FOR AND WHY IS IT NEEDED?**

- It is used to correctly identify each subject at the camera
- To prepare the images for service items that you may need
- To verify the identity of parents/guardians calling and inquiring about their child's portrait
- To protect the privacy and safety of the students, only parents/guardians listed by the league will receive Emails/Texts with access to the images
- Our proofing system will only send the images associated with that parent/guardian contact info

(If contact information provided directly by the parent/guardian is different, that information will also be used)
